Company: Intrepid Travel

Location: Morocco

Category: business-and-financial-operations

Intrepid Travel was born in 1989 with the simple mission to create positive change through the joy of travel. More than 30 years later, we're proud to be the world's largest travel B Corp with more than 950 small group trips in over 100 countries. After all these years, we've stayed true to our mission, ensuring our adventures are good for the places we go, good for the communities we visit and good for our travellers. That's why we carbon offset all our trips and support local communities but we're not stopping there. We want to be the best travel company not just in the world, but for the world. **The Opportunity:** As a Finance Intern with Intrepid, you'll help support us in reaching our goals, by providing administrative support to the Finance team and in doing so, you'll learn valuable things about Intrepid, our wider business on a global scale and get excellent exposure to the Travel Industry. **A bit about our people:** Our people reflect the diversity of our customers and the communities we visit. Our team is made up of 58 nationalities across 46 countries, and Intrepid recognises that diversity makes us a stronger business. With a commitment to breaking down barriers, we support a culture where people can be themselves. We encourage applications from people of all backgrounds, including First Nation People, LGBTQI+ people, people living with a disability, people from previously disadvantaged backgrounds and people from different ethnicities, races and religions. If you're here to inspire, create, share and lead in what you do, we want to hear from you. We encourage you to submit your application as soon as possible – we may close advertising early if the right person is identified. **A bit about our people:** Our people reflects the diversity of our customers and the communities we visit.
