

## Junior Cyber Security Specialist (Remote IT Internship – Cybersecurity)

[Apply Now](#)

Company: TALENTKOMPASS deutschland

Location: Morocco

Category: computer-and-mathematical

**LOCATION:** Remote Work

**SCHEDULE:** Part-time

Are you passionate about cybersecurity and seeking a unique opportunity to gain hands-on experience while working with a reputable Management Consulting firm? TalentKompass Deutschland, a leading Human Resources company based in Germany, is searching for a dedicated Cybersecurity Intern to join our esteemed client. This remote position offers an exceptional chance for someone who is eager to learn and grow in a dynamic and fast-paced environment.

As a Cybersecurity Intern, you will work closely with the consulting and IT teams, where you will be responsible for a range of tasks, including vulnerability assessments, security policy review, and incident response. You will have the extraordinary opportunity to learn from experienced professionals who will provide mentorship and guidance throughout the internship. With this internship, you will gain valuable experience in cybersecurity, risk management, and teamwork – all essential skills for a successful career in this field.

### **Responsibilities:**

Assist in conducting vulnerability assessments and penetration testing

Review and analyze security policies and procedures to identify areas for improvement

Participate in incident response efforts and help develop mitigation strategies

Monitor and analyze network traffic for potential threats and suspicious activities

Collaborate with cross-functional teams to address security issues and implement best practices

Research emerging cybersecurity trends, threats, and technologies

Support the team with general administrative tasks as needed

### **Requirements:**

Basic understanding of cybersecurity principles and practices

Familiarity with network protocols, firewalls, and security technologies

Excellent written and verbal communication skills in English

Ability to work independently and as part of a team

Strong analytical and problem-solving skills

Knowledge of various operating systems, including Windows, Linux, and macOS

Experience with cybersecurity tools, such as Wireshark or Metasploit, is a plus

Familiarity with programming languages, such as Python, is a plus
