

Junior Data Analyst (Remote Internship – Data Analysis)

[Apply Now](#)

Company: TALENTKOMPASS deutschland

Location: Morocco

Category: computer-and-mathematical

LOCATION: Remote Work

SCHEDULE: Part-time

Are you an aspiring data analyst seeking an unparalleled opportunity to gain hands-on experience while working with a prestigious Management Consulting firm? TalentKompass Deutschland, a leading Human Resources company based in Germany, is searching for a highly motivated Data Analysis Intern to join our esteemed client. This remote position offers a unique chance for someone who is passionate about data analysis and eager to learn in a dynamic and fast-paced environment.

As a Data Analysis Intern, you will work closely with the analytics and consulting teams, where you will be responsible for a range of tasks, including data collection, data cleaning, and statistical analysis. You will have the extraordinary opportunity to learn from experienced professionals who will provide mentorship and guidance throughout the internship. With this internship, you will gain valuable experience in data analysis, data visualization, and teamwork – all essential skills for a successful career in this field.

Responsibilities:

Collect, clean, and analyze data from various sources to support consulting projects

Assist in the development of data models and statistical analysis to identify trends and insights

Collaborate with cross-functional teams to gather and analyze data

Create data visualizations and dashboards using tools such as Tableau or Power BI

Present findings and insights to the consulting team and contribute to project reports

Participate in brainstorming sessions and contribute ideas for data-driven solutions

Support the team with general administrative tasks as needed

Requirements:

Strong analytical and problem-solving skills

Proficient in Microsoft Excel or other data analysis tools

Excellent written and verbal communication skills in English

Familiarity with data analysis principles and practices

Ability to work independently and as part of a team

Strong organizational skills and the ability to manage multiple projects simultaneously

Knowledge of statistical analysis tools and techniques is a plus

Experience with data visualization tools such as Tableau or Power BI is a plus
