

Junior Java Developer (Remote Internship – IT)

[Apply Now](#)

Company: TALENTKOMPASS deutschland

Location: Morocco

Category: computer-and-mathematical

LOCATION: Remote Work

SCHEDULE: Part-time

Are you passionate about Java and looking to gain hands-on experience with a prestigious Management Consulting firm? TalentKompas Deutschland, a top Human Resources company based in Germany, is searching for a motivated Java Development Intern to join our esteemed client. This remote position offers an extraordinary opportunity for someone who is excited to learn and develop their skills in a dynamic and fast-paced environment.

As a Java Development Intern, you will work closely with the consulting and development teams, where you will be responsible for a range of tasks, including coding, debugging, testing, and implementing Java applications. You will have the unique opportunity to learn from experienced professionals who will provide mentorship and guidance throughout the internship. With this internship, you will gain valuable experience in Java development, software engineering principles, and teamwork – all essential skills for a successful career in this field.

Responsibilities:

Assist in the development and implementation of Java applications

Collaborate with cross-functional teams to gather requirements and develop solutions

Write, test, and debug Java code, adhering to best practices and coding standards

Participate in code reviews and contribute to the improvement of the codebase

Support the team with general administrative tasks as needed

Contribute to software documentation and maintain version control

Requirements:

Basic understanding of Java programming and object-oriented principles

Familiarity with Java development tools, such as Eclipse, IntelliJ IDEA, or similar

Excellent written and verbal communication skills in English

Ability to work independently and as part of a team

Strong analytical and problem-solving skills

Knowledge of web and mobile application development is a plus

Experience with Java frameworks, such as Spring or Hibernate, is a plus
