

Junior QA Specialist (Remote Internship – Quality Assurance)

[Apply Now](#)

Company: TALENTKOMPASS deutschland

Location: Morocco

Category: computer-and-mathematical

LOCATION: Remote Work

SCHEDULE: Part-time

Are you eager to build a career in Quality Assurance (QA)? TalentKompass Deutschland, a leading Human Resources company based in Germany, invites you to join our prestigious client, a reputable Management Consulting firm, as a Quality Assurance Intern. This remote position offers a unique opportunity for someone who is keen on gaining hands-on experience in a dynamic and fast-paced environment.

As a Quality Assurance Intern, you will collaborate closely with the QA team, where you will be responsible for various tasks, including testing software applications, creating test cases, identifying and tracking defects, and verifying fixes. You will have the exceptional opportunity to learn from experienced professionals who will provide mentorship and guidance throughout the internship.

At TalentKompass Deutschland, we believe in fostering an environment that encourages growth and development. Our client is a reputable German Management Consulting firm committed to providing valuable experience and exposure in a competitive industry. As an intern, you will have the chance to work on challenging projects and interact with experienced professionals who will guide and mentor you throughout the internship.

Responsibilities:

Test software applications and create test cases

Identify and track defects and verify fixes

Collaborate with cross-functional teams to gather and analyze requirements

Assist in the development and maintenance of testing plans, scripts, and reports

Support the team with general administrative tasks as required

Participate in the development of new testing methodologies and processes

Requirements:

Strong analytical and problem-solving skills

Basic understanding of the software development lifecycle and testing methodologies

Excellent written and verbal communication skills in English

Familiarity with test automation tools and techniques is a plus

Basic programming knowledge is a plus

Strong attention to detail and ability to multitask

Ability to work independently and as part of a team
